MEMORANDUM FOR: Dr. Paul W. McCracken, Chairman
Council of Economic Advisers
Executive Office Building

SUBJECT : Economic Intelligence Statistical
Handbook

1. Attached for your information is the 1969 edition of the "Economic Intelligence Statistical Handbook." The principal purpose of the handbook is to provide essential economic data on Communist countries; comparative data on certain Free World countries are also provided. Unclassified sources have been used wherever possible.

2. I believe you will find the handbook a useful source of facts and figures and a possible aid in interpreting economic reports.
